

Salesforce AdmissionSync

Integrate UCAS with Salesforce

Streamline your application process. Improve communication with your applicants, and gain valuable insights into the metrics that matter to you.

AdmissionSync connects Salesforce CRM directly to UCAS using both XML-Link and WEB-Link APIs.

- Applicant records, qualifications, and documents are imported automatically
- Offers and decisions sync throughout the day - every 15 minutes
- Dashboards and reports stay current without any manual effort

Automate your
Admissions.
Accelerate your
Decisions.

Solving Real Admissions Challenges

Manual data entry of applications

Seamless UCAS-to-Salesforce data flow - no manual entry required

Disconnected systems and real time syncing

Live dashboards offer full insight from offer to enrolment

Duplication of application updates across systems

Native, bi-directional integration ensures instant updates across UCAS and Salesforce

Limited insight into student applications

360-degree view of applicants within your CRM platform
